Order Date	June 12, 2026
Order Status	SIGNED — original on file at St. Luke's Medical Records
Order Details	Admit to SNF for skilled PT/OT rehabilitation following right hip fracture repair. Goals: restore functional mobility, independence with ADLs, safe home discharge.
Follow-up	Dr. Patel clinic — 4 weeks post-discharge

6. Required Therapies

Therapy	Frequency	Goals	Duration
Physical Therapy (PT)	5x/week	Gait training, transfers, stair negotiation, hip precautions	21 days
Occupational Therapy (OT)	5x/week	ADL retraining, adaptive equipment, home safety assessment	21 days
Nursing — Skilled	Daily	Wound assessment, medication management, diabetes monitoring	21 days

7. Discharge Coordinator Review Notes

Patient and family are in agreement with SNF placement. Son (James Okafor) will be primary family contact during rehabilitation. Patient is alert, oriented x3, and motivated to participate in therapy. She has expressed a goal of returning home independently. Home is a single-story residence — OT home safety assessment recommended prior to discharge. No behavioral or cognitive concerns noted. Advance directive on file — DNR/DNI.

Insurance Note: Medicare Part A verified active. AARP Supplement Plan F covers Medicare coinsurance — patient has no expected out-of-pocket cost for this admission. No prior authorization required. Benefit period open through December 2026.
